The Bufftech® Advantage

Long-lasting beauty, superior performance and the best protection you can get — that's the Bufftech Advantage.

The difference starts with details.

Precision Routing

Assures a clean, realistic look without visible glue or screws.

Heavyweight Pickets

Provide impact resistance and reduces movement.

Internal Reinforcement

Limits sagging and maintains a strong and sturdy performance.

CertaStucco™

Smooth

Color & Texture

CertainTeed sets the standard for the latest innovations in sophisticated styling. From our proprietary texturing process to our unique shades and stain blends, CertainTeed is the undisputed leader in color and texture. Whether you want the look and feel of natural wood or an easy-to-maintain, economical alternative to stucco walls, Bufftech has a vinyl fence to complement any setting. Plus, Bufftech is virtually maintenance-free, and never needs staining or painting. For complete style and color specifications, see page 34.

Performance

Bufftech's premium features, including high-quality raw materials, reinforced rails, heavyweight pickets, routed rails and fence posts, and concealed fasteners, ensure it will outlast and outperform other vinyl fences.

Backed by CertainTeed's exclusive **WindZone™ performance**, Bufftech fence is engineered for use in high wind and hurricane conditions, as approved by Miami-Dade County NOA #12-1106.11*. Recognized as the most stringent standards in the country, Miami-Dade test protocols include dynamic wind load testing up to 115 mph.

The Bufftech line also meets requirements of the ASTM and includes styles that comply with local codes for **swimming pool** applications. Check with your local building code official as local codes may vary.

*Miami-Dade County-approved NOA #12-1106.11, for exceptional performance in high wind conditions. To comply with WindZone Performance, additional items are needed for installation. Please reference our product catalog. Expires 3/13/2018.

Look for these icons throughout the brochure on products that meet special performance requirements.

Peace of Mind

CertainTeed stands behind the Bufftech line with an exceptional lifetime limited transferable warranty. SureStart™ protection, an exclusive CertainTeed benefit, covers warranted repair and replacement costs--including labor, for five years after installation.

CertainTeed also guarantees the performance of Bufftech's darker colors and stain blends with our proprietary **ColorLast® fade protection**, a state-of-the-art acrylic formulation that provides superior protection from the harsh rays of the sun.

CertainTeed is actively pursuing strategies to reduce our environmental impact, while increasing the sustainability of our operations and products. (see back cover for complete third-party testing information).

A company you can trust.

For more than 100 years, homeowners and building professionals alike have relied on CertainTeed as a trusted source of innovative, high-quality building products. Bufftech® continues this long-standing tradition with its superior vinyl fencing line, proudly made in the U.S.A.

Make a Smart Investment

Performance Features	Bufftech Vinyl
Lifetime limited warranty	✓
Transferable warranty	✓
5-year labor warranty	✓
Dark color fade warranty	✓
Made in the USA	✓
Never needs painting or staining	✓
Won't chip, peel, crack or splinter	✓
Won't rot or support mold growth	✓
Impervious to termites/wood-boring insects	✓
Lead free	✓
No harmful chemicals	✓
High-quality raw materials	✓
Concealed fasteners	✓
Heavyweight pickets	✓
Wide choice of colors	✓
Woodgrain and stucco textures	✓
Steel reinforced rails	✓
Routed rails and posts	✓
Class A rating for flame spread	✓
Recycled Content	✓
Self-extinguishing	✓
Easy to assemble	✓
Building code compliant	✓
Meets ASTM D1784 standards	✓

Quality Assurance

Bufftech fence products undergo rigorous testing to ensure they are manufactured to the highest standards and will withstand the test of time.

Material

- Dimensional checks
- Wall thickness
- Cap stock thickness
- Color/gloss
- Impact
- Flex
- Tensile strength
- Accelerated weathering

Design

- Railing code approvals
 - Kingston – CCRR-0211
 - Oxford – CCRR-0187
 - Panorama® – CCRR-0115
- Fence certifications
 - Miami-Dade county approved NOA#:12-1106.11 (expires 3-13-2018)
 - Gates load tested for 300lbs
 - ASTM E 90 Sound Transmission Loss Test
 - STC 21 (applies to Chesterfield and Galveston)

Building Responsibly with Bufftech

CertainTeed is actively pursuing strategies to reduce our environmental impact, while increasing the sustainability of our operations and products. By carefully examining all environmental impacts throughout each phase of a product's life cycle—from raw materials and manufacturing, to transportation and use, to disposal and/or recycling—we gain a complete, accurate view of our product's true sustainability.

CertainTeed conducted a Life Cycle Assessment (LCA) that was submitted to the National Institute of Standards and Technology (NIST) and was published in the building product LCA database, BEES (Building for Environmental and Economic Sustainability). The findings from this Life Cycle Assessment provide a new, if not surprising, vantage point from which to make more credible and confident decisions on environmentally sound vinyl fence options.

All Bufftech® products are GreenCircle Certified®, a third-party auditing process designed to assure builders, regulators and homeowners that Bufftech fence complies with our environmental and sustainability claims, including the recycled content of our product.
